My Religion Assignment

AGAPE

Today I will be talking about the word Agape. The word Agape is specifically talking or referring to God. God as a perfect being has perfect love. So the word Agape could also mean unfailing or perfect love.

GOD

God is a monolithic God, a supreme being who is the God of creation who like I said is love, perfect love.

He was the creator of the ten commandments. Jesus reminded us that the commandments teach us to:

1. Love the Lord with all your heart, with all your soul and with all your mind.
2. Love your neighbour the way you love yourself.
   (Love everyone as you love yourself. The Golden Rule)

LOVE

Love can be a lot of things. Love can be a deep feeling for someone or something. E.g. family of friends or even a car or dog. Love can sometimes be confusing or hard. That's where God comes in to help.
How Do We Use These in Our Everyday Lives

Of course we all know that we can’t be exactly like God but God gives people a “mission” to be as much like God as we can and the way we can could be:

1. We can help people just like Jesus healed and helped people but, of course we can’t heal people. We can do our best to get close to that feeling though.

2. We could teach people about God just as Jesus did. We could get people who we know don’t believe in God and we can teach them about Him.

God says for us to love everybody just as much as yourself even your enemies! That can be very hard sometimes even if you are a loving person there can still be road blocks on the way. So how can we take or partly remove those roadblocks so we can have a loving world?

1. You could think of all the things they could be capable of when you’re their friend.

2. You could try to think of all the good things they’ve done or they could do.

3. You could try and say loving and kind things to that person.
